LAKESIDE SHOPPING CENTRE

At least 400,000 shoppers visit Lakeside every week. We were the first shopping centre in the UK to stay open until 10 p.m. That's because we understand that people enjoy shopping in the evening after work, and also at the weekend. In fact, evening shoppers spend about £114, which is as much as shoppers spend on Saturdays.

You forgot to pay your bills ? You want to get a credit card ? You are worried because you don't have enough cash ? No problem. There are five banks at your service, so you can find a cash point easily. And we even have our post office.

How about visiting our website (www.lakeside.uk.com) to get some ideas from our shopping expert Natasha Miller ? She's a journalist and she works for top titles, so she's the best person to answer your questions. Also, on our website, you can find information about every shop at Lakeside and even buy goods online.

After a long day's shopping, all you want to do is relax. A cup of coffee or maybe a meal at one of our 30 cafes and restaurants is the ideal way to relax at the end of the day. Looking for something more exciting ? Well, at Lakeside you can try scuba-diving at Alexandra Lake or perhaps watch one of the many events like the World Barefoot Water-ski Championship.
