## TRUE LIFE DRAMA

**Liz Pursey rescued three people from a burning car.**

1 One evening I went out with my friend Neil for a quiet meal in a country\* pub. We left at 9.30 and I offered to take Neil home. We were driving along when, suddenly, a car drove past us out of control. The car crashed and after that it burst into flames.

2 First we ran to the burning car. When we got there, we saw three people trapped inside. They were screaming and we knew we had to get them out. It was incredibly hot as we opened the doors.

3 The driver was sitting inside, unconscious. We got him out and then went back for the other two people. I had to climb over the front seats to get to them.

Surprisingly, they were able to walk away from the car. Meanwhile, some people who were watching from a nearby campsite called the emergency services.

4 In the end, I was standing there in a state of shock when a policeman asked me for my name and address. I couldn't remember!

5 I don't think we did anything extraordinary but the police presented us with certificates for our bravery. It's a nice feeling to know you've helped to save someone's life.
